

National Association for Proficiency Testing

A Non-Profit Organization Dedicated to Excellence in Metrology & Test Measurement

August 2006

August 18th is the Cut-Off Date

August 18th is the last day to sign up for one of the five Regional Events planned for October/November!

Your participation is necessary to make the following regional ILC/PTs available to all:

- NAPT-CMM-112 - Calibration of a CMM
- NAPT-ROC-102 - Optical Comparator
- NAPT-SCALE-302 - Analytical Scale
- NAPT-SCALE-402 - Bench Scale
- NAPT-RRHT-100 - Hardness Test
- NAPT RGSP-101 - Surface Plate
- NAPT-HGTG-300 - Height Gage

The opportunity to meet your Proficiency Testing accreditation requirements are being made available in:

- Michigan - 1st week of October, 2006
- Mississauga, Ontario - 2nd week of October, 2006
- Edgewood, NY - 3rd week of October, 2006
- Huntersville, NC - 4th week of October 2006
- Louisville, KY - October/November 2006

To avoid any one of the Regional Events from being cancelled, the minimum number of participants needs to be met. Should any event be cancelled, the schedule dates may shift. As of today, we have not reached the minimums that are required to confirm these Regionals.

We highly encourage you to consult with your Accreditation Body (AB) in regards to this opportunity. Our intent is to aide you in satisfying PT requirements as directed by your AB. Your commitment, as well as the support of the ABs to uniformly enforce PT participation with all labs, is essential in order to provide proficiency testing in these regional ILC/PTs.

To sign up or to answer any questions, you can contact us by phone (763)525-1488, fax (305)425-5728, or e-mail – Judy@proficiency.org.

If you have already signed up, we thank you for your commitment to participate and we will be contacting you shortly with a finalized schedule!

Respectively submitted on behalf of NAPT
