## **Regional Events Planned for Spring 2008**

Requests for participation in the ILC/PTs offered through Regional Events are once again beginning to tally up. The 6 ILC/PTs that are offered through these events are the Analytical Balance, Bench Scale, Optical Comparator, Granite Surface Plate, Hardness Tester and Calibration of a CMM.

We are planning 4 events to take place in April and/or May of 2008 at the following locations:

- Louisville, KY - (Host site to be announced at a later date)
- Danville, VA - (Host site to be announced at a later date)
- Farmington Hills, MI - (Host site to be announced at a later date)
- North East location - Host facility needed\*

\*We have a number of interested parties for the Analytical Balance and Bench Scale in NY, PA, CT and MA. To schedule an event in this area, a location central to those four states would be ideal. To make this happen we also need a stronger response for the 4 other PTs that are offered. It is possible a regional event for just the Scale and Balance could happen for this location, but the sign-ups for these 2 PTs would have to greatly increase to meet the expenses involved.

A great deal of time and planning is required to pull these events together so we need to hear from you by January 31<sup>st</sup> to determine which of the above mentioned locations will make it on the event calendar. Please give your participation in one of these events serious consideration. There is no set schedule as to when this opportunity will present itself again.

You can respond by phone at 952-303-6126, e-mail – [napt@proficiency.org](mailto:napt@proficiency.org), or fill out a request to participate form found on our website – [www.proficiency.org](http://www.proficiency.org).

We appreciate your sharing this information with anyone you think might have an interest in participating in any of the ILC/PTs mentioned above.

*Respectfully submitted on behalf of the Staff at NAPT.*

You are receiving this update because in the past your company has indicated a desire to be kept updated on the activities of NAPT. If you do not wish to receive further updates from NAPT, please respond in the subject line "Remove from Update List".
