Prepared: 22 May 07

(E) = Existing ILC/PT

(D) = ILC/PT to be Developed

(R) = Regional ILC/PT

Scope Review Notes:

- ✓ **Please Contact NAPT with your Request to Schedule any of the ILC/PTs listed in this Proposed ILC/PT Plan**
- ✓ Additional ILC/PTs are frequently developed to meet the needs of our participants and the accreditation community. Members are allowed to select the most appropriate ILC/PT which meets their needs at the time of participation.
- ✓ It is NAPT's policy to design and make available additional ILC/PTs as current ILC/PTs expire, complete their cycle and/or as need arises. Please note that NAPT is constantly developing new ILC/PTs with your needs in mind, and we are very open to suggestions.
- ✓ While each accreditation body has similar ILC/PT requirements, (you might be required to share either this or a similar plan with your accreditation body) it is our suggestion that you insure you are complying with their requirements for reporting.
- ✓ Regional ILC/PTs are conducted throughout the country at various times throughout the year.
- ✓ For more information on NAPT's ILC/PTs, Regional ILC/PTs or Intra ILC/PTs, please visit our website at www.proficiency.org or contact us.
