

# National Association for Proficiency Testing

A Non-Profit Organization Dedicated to Excellence in Metrology & Test Measurement

## Request for Development of a New ILC/PT

*NAPT's goal is to design ILC/PTs that meet your needs and the needs of other organizations required to participate in an internationally recognized ILC/PT.*

*The purpose of this form is to identify which ILC/PTs NAPT should develop to meet the needs of the community. We can't stress enough the importance of sharing with NAPT which ILC/PTs you need to fulfill your proficiency testing requirements. Guidance from you and the metrology community is essential so that we may offer the ILC/PTs that are needed most. We ask you to fill out a new form completely for each ILC/PT you would like NAPT to develop.*
